

2010
GREAT PLACE TO WORK®
 CONFERENCE
MADRID

European Great Place to Work® Awards and Conference in Madrid

TRUST - LEADERSHIP – PERFORMANCE

The times are calling for courageous leaders, who know how to set a vision people can rally around. The leaders at the Best Workplaces are more visible now than ever and spend more time nurturing the culture - working the currents below the waterline. What are they focusing on? What are the key factors and practices that make their companies successful workplaces and businesses? How are they going to sustain and further develop their workplaces in the coming years?

Join our conference to access to a unique program featuring business leaders from the Best Workplaces. The events will focus on inspiring you and giving you the contacts, the knowledge and the tools to transform your own workplace.

Some of our speakers:

- Francisco Román,
CEO for Vodafone Spain
- Henry Engelhardt,
CEO and Founder of Admiral Group (UK)
- Trine Thorn,
Director of People and Communications
for Nordea Liv & Pension (Denmark)
